Hi John

Thank you for taking the time to reach out to me regarding the vote from the 4-Jan Town Council Meeting. I take my role on Town Council and my fiduciary responsibilities very seriously. I do understand your position regarding Ms. Vianna is based on the information currently in the public space and am confident that additional facts will surface over the coming weeks and months.

Please see my official statement that was part of a larger Tap Into article.

Subject: Your Moronic Decision to Fire Liza

Good Morning,

I am writing to ask that you reconsider your moronic decision to fire Liza.

Liza has been an asset to our town (the evidence of which has already been posted, published and spoken about at the last TC TC meeting). If you really want to help get rid of people in office who are truly awful at their jobs (as employees or as elected officials) I can give you a list of names. At least one person on this email would be in the top 5 on that list- their name rhymes with mean.

Thank you Paul for not falling into the group think - I hope you can pull your party from the clutches of the people who continue to believe this town and its institutions are their personal Sim project and consider "they are my friend" as a primary qualification for public office and/or employment.

Happy New Year!
